*All performance figures are given in good faith and are intended as an indication. These figures cannot be guaranteed as top speed in particular is affected by the cleanliness of the hull, conditions of the propellers, weight carried and air/sea temperature. Performance is related also to the optional accessories selected. FJORD reserves the right to change specifications in line with the company policy of improvement through research and development. Standard Propeller tested in Greifswald according to Volvo conditions. All measurements/figures approximate. Errors and omissions excepted. Specification and material can be changed without notice. Please check with your dealer for a full list of inclusions.

Fjord F38xpress: Max. outboard horse power: 2x350 hp, max. speed allowed: 45 knots.
Valid from 2019.07.01.
