Entertainment whenever you want. Comfort wherever you stay. The S330 delivers the performance of a sportscruiser: agile, speedy, exciting. Yet behind her racy profile hides a spacious two-cabin motor yacht measuring up to much bigger boats. It's time to enjoy.

All Sealine yachts are born of the same values: They feature wide interior spaces, an amazing quantity of natural light and outstanding design with German engineering inside. As for these trademarks, the S330 displays the true spirit of Sealine.

FUN AT FIRST SIGHT: GREAT DESIGN CAN BE THAT SIMPLE.

Take a look at the S330, and your holidays have already started. Her dynamic hull promises plenty of thrilling moments, whilst her sleek and lightweight look immediately creates the mood for an easygoing time out.

Fancy full sunlight? Or is it time to cool down in the shade? Thanks to the two opening roof sections, any wish about light on deck will be satisfied. One roof section is located above the pilot and co-pilot seats, one slides over the cockpit area. Open both to make your S330 a floating cabriolet.

The sun shines on everyone. For the S330, that's more than a phrase: Extra-large sunbeds can be placed in the bow section. The cockpit table easily converts into another sunbed. So you can invite four guests to relax outside – at the same time. The pads are even wide enough to put lots of accessories by your side, such as reading material, towels or suntan lotion.

Imagine serving family and friends without having to leave the deck. Six seats on the U-shaped sofa and a double co-pilot seat accommodate up to eight people.

The wet bar and second sink behind the helm seat will assist greatly – not to mention the optional BBQ that can be installed for outdoor cooking.

INTERIOR DESIGN

AT SEA YOU FEEL FREE. WHY SHOULDN'T YOU BELOW DECK?

Two fully-equipped private cabins: outstanding for this size of yacht. The bed size: class-leading. The ceiling height: unmatched. Take the spirit of freedom you get at the ocean down to the inside. The voluminous living space makes it happen.

Once inside, you realise why light switches are rarely used on this yacht before sunset. Large hull windows provide abundant natural light – as well as wonderful views to the maritime scenery beyond. Additional skylights fill the rooms with even more daylight from above.

All interiors can be configured with various furniture woods. Choose a friendly oak – as seen on this page – to brighten up both the ambience and the mood of your guests. A darker shade of colour will create a touch of elegance, making the atmosphere calm and classy – as seen on previous page. Atlanta Walnut is also available in both satin or glossy finish.

The S330 features an interior so versatile that it is defined only by your needs. For example, you can order your yacht without bulkhead between the saloon and forward cabin, which creates a single living area giving an enhanced feeling of space – and you still have the benefit of a separate cabin in the rear.

As with all Sealine motor yachts, the cabins invite you also to explore their impeccable appointments. High-quality finish and great attention to detail is evident from bow to stern. Rich materials are found throughout including leather and stainless steel.
